

# SIPaV

## Società Italiana di Patologia Vegetale

*Italian Phytopathological Society*

SIPaV promotes the collaboration among researchers, Institutions, Companies and other Scientific Societies, deals with relevant issues in plant pathology and organizes regularly scientific meetings in order to favour the scientific debated among its members. Moreover, SIPaV implements initiatives in favour of the youngest members.

The Italian Phytopathological Society, founded in 1992, brings together Italian researchers, technicians and entrepreneurs working in the field of plant health.
