

**ITALIAN PHYTOPATHOLOGICAL SOCIETY
WORKING GROUP
“MOLECULAR PLANT-MICROBE INTERACTIONS”**

**7th SCHOOL IN PHYSIOLOGICAL PLANT PATHOLOGY
LUCCA JUNE 10th-12th 2024**

The SIPaV working group "Molecular plant-microbe interaction" is pleased to announce the 7th Edition of the School in Physiological Plant Pathology, which will be held in Lucca from the 10th to the 12th June, 2024.

The Program is attached and can be found on the website <https://www.sipav.org>

The School, held in English, will give doctoral students, post-docs and young researchers the opportunity to experience 3 days of training, with prestigious speakers and to build new scientific and personal relationships in an informal but very stimulating environment.

This year the Lectures will also be integrated with other activities, planned to encourage the formation of working groups and the sharing of scientific experiences among all participants.

The registration deadline is April 10th 2024, with a participation fee of **350 euros**, including lunches of June 11th and 12th.

Please register at :

<http://151.0.135.60/cmsweb/Login.asp?IDcommessa=N24017&Lang=IT>

The School will be held in the "Vincenzo da Massa Carrara" conference room, in Via S. Micheletto n. 3, in the historical centre of Lucca. The conference room has been kindly provided by the Cassa di Risparmio di Lucca Foundation.

Lucca is a city of art and a very popular destination, which will make your stay very pleasant, but in the summer period it requires timely booking of hotel accommodations. Hotels or B&Bs are available in the surrounding area and must be booked directly by participants. We strongly recommend that you **proceed with your reservations as soon as possible**.

To facilitate participants to find accommodation, we have blocked a limited number of rooms at the Hotel Bernardino (3 stars), located in Via di Tiglio n. 109 (<https://www.hotelbernardino.com/>), not far from the conference room.

Anyone wishing to take advantage of this possibility must proceed to book directly with the hotel **by March 30th 2024**, mentioning "SIPaV Event". The following rates will be applied:

€70.00/night per person for a double room, single use, without breakfast.

€99.00/night for the double room, without breakfast.

€2.50/day as tourist tax.

Breakfast at the hotel may be added during booking. However, there is a pastry shop in front of the hotel.

We are certain that this edition will also gather as much interest as always and we look forward to seeing many of you in Lucca!
